Report of Independent Registered Public Accounting Firm

To the Retirement Committee of
Capital City Bank Group, Inc.:

We have audited the 2003 and 2002 financial statements of Capital City Bank Group, Inc. 401(k) Plan (the "Plan") as listed in the accompanying table of contents. These financial statements are the responsibility of the Plan administrator. Our responsibility is to express an opinion on these financial

statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan administrator. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CAPITAL CITY BANK GROUP, INC. 401(K) PLAN

Notes to Financial Statements

December 31, 2003 and 2002

(1) Description of the Plan

The following description of the Capital City Bank Group, Inc. 401(k) Plan (the Plan) provides general information only. More complete information regarding the Plan's provisions may be found in the Plan document.

(a) General

The Plan, established on October 1, 1997, effective retroactive to January 1, 1997, is a defined contribution retirement plan under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC. The Plan provides benefits to all eligible employees of Capital City Bank Group, Inc. (the Company). Employees of the Company who are 21 years of age or older become eligible to participate in the Plan at the time of employment. Employees may enter the Plan as of the January 1, April 1, July 1, or October 1 following the date upon which the employee becomes eligible to participate in the Plan.

(b) Plan Administration

The overall responsibility for administering the Plan rests with the Company. However, the Company has delegated administration of the Plan to the Retirement Committee (the Plan Administrator). The Plan's trustee, Capital City Trust Company (the Trustee), a subsidiary of the Company, is responsible for the management and control of the Plan's assets. Federated Investors, Inc. provides record-keeping services for the Plan.

(c) Participant Contributions and Excess Contributions

Each year, participants may elect to contribute up to 30% of pretax annual compensation, as defined in the Plan and subject to certain limitations under the IRC. Participants may choose to change their deferral percentage at any time. Discretionary employer matching and profit-sharing contributions may be contributed to the Plan at the option of the Company's Board of Directors, subject to certain limitations. Excess contributions represent amounts in excess of the requirements of the IRC. Such excess contributions were remitted back to employees within 2 1/2 months of the Plan's year-end.

(d) Employer Matching Contributions

Effective January 1, 2003, the Company provided a 50% match on

participant contributions of 6% or less. Only employees hired after January 1, 2002 are eligible for this match.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of Plan earnings. Allocations of plan earnings are based on account balances, as defined in the Plan. Employer discretionary contributions are allocated among all participants in an amount equal to the ratio of the participant's compensation to the compensation of all participants for the plan year. Employer discretionary contributions are invested based on the participant's elective deferral.

(f) Investment Options

Participants can direct their contributions into 17 investment options. Participants can change their investment elections and balances daily via telephone voice response system, with their contributions being changed the next applicable payroll period.

Notes to Financial Statements

December 31, 2003 and 2002

(g) Benefits Paid to Participants

Upon termination of service due to death, disability, retirement or other reason, a participant will receive a lump-sum amount equal to the value of the vested interest in his or her account. Participants may also receive a distribution while in service upon demonstration of financial hardship.

(h) Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after three years of credited service (on a cliff basis). Credited service is based on 1,000 hours of work in one year.

(i) Forfeitures

Forfeitures are used to reduce the employer contribution.

(2) Summary of Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investments

The Plan's investments are stated at fair value. Securities traded on a national securities exchange are valued at quoted market prices. The Company's common stock is valued at its quoted market price as listed on the NASDAQ national market under the ticker symbol CCBG.

The Plan's investments include funds, which invest in various types of investment securities and in various companies within various markets. Investments are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect the amounts reported

in the Plan's financial statements and schedule.

(d) Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) Plan Expenses

All plan expenses are paid by the Company.

(4) Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of plan termination, participants would become 100% vested in their accounts.

(5) Tax Status

The Internal Revenue Service issued a determination letter dated November 19, 2001, stating that the Plan was designed in accordance with applicable IRC requirements as of that date. Though the Plan has been amended since the date of such letter, the Plan administrator believes the Plan continues to be designed and is being operated in compliance with the applicable requirements of the IRC.
