Opinion on the Financial Statements

We have audited the accompanying statement of net assets available for benefits of Capital City Bank Group, Inc. 401(k) Plan (Plan) as of December 31, 2021, the related statement of changes in net assets available for benefits for the year then ended, and related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements referred to above fairly present in all material respects, the net assets available for benefits of the Plan as of December 31, 2021 and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis of Opinion

These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe our audit provide a reasonable basis for our opinion.

Report on Supplemental Information

The supplemental information in the accompanying Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2021 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In connection with the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental information is fairly stated, in all material respects, when taken as a whole.

Report of Independent Registered Public Accounting Firm

To the Plan Participants and the Plan Administrator of Capital City Bank Group, Inc. 401(k) Plan

Opinion on the Financial Statements

We have audited the accompanying statements of net assets available for benefits of Capital City Bank Group, Inc. 401(k) Plan (the Plan) as of December 31, 2020, and the related notes (collectively referred to as the “financial statements”). In our opinion, the financial statement presents fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2020, in conformity with U.S. generally accepted accounting principles.

Basis for Opinion

These financial statements are the responsibility of the Plan’s management. Our responsibility is to express an opinion on the Plan’s financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Plan in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

/s/ Ernst & Young LLP

We served as the Plan’s auditor from 2013 to 2020.

Capital City Bank Group, Inc. 401(k) Plan

Notes to Financial Statements

December 31, 2021

1. Description of Plan

The following description of Capital City Bank Group, Inc. 401(k) Plan (the “Plan”) provides general information about the Plan’s provisions. Capital City Bank Group, Inc. (the “Company”) is the plan sponsor. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan’s provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a defined contribution retirement plan established under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC. The Plan is intended to provide benefits to all eligible employees of the Company. Employees of the Company become eligible to participate in the Plan at the time of employment. Employees may enter the Plan on the first day of the month coinciding with or following the date on which the employee becomes eligible to participate in the Plan.

The overall responsibility for administering the Plan rests with the Company. However, the Company has delegated administration of the Plan to the Company’s Retirement Committee (the “Plan Administrator”). The administrative and record-keeping services are outsourced to Empower Retirement. Reliance Trust serves as trustee and asset custodian. Strategic Retirement Partners served as the 3(38) fiduciary for the plan year ended December 31, 2021.

In March 2020, the World Health Organization declared the outbreak and ongoing coronavirus 2019 disease (Covid-19) a pandemic. Covid-19 has contributed to volatility in financial markets. The Plan adopted certain features specified in recent Federal regulations of the Coronavirus Aid Relief and Economic Security Act (“CARES Act”) for qualifying participants including Covid-19 distribution options of up to \$100,000, and elimination of 2020 Required Minimum Distributions for those participants who meet certain qualifications. The impact of these provisions had an immaterial effect to the Plan during 2021.

1. Description of Plan (continued)

Contributions

Each year, participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan document and subject to certain limitations under the IRC. Participants may choose to change their deferral percentage at any time. The Plan also includes an automatic contribution arrangement that applies to new or re-hired employees of the Company. The automatic deferral amount is 3% of eligible compensation. On June 1, 2020, automatic contribution was extended to include any employees not actively deferring 3% or more; these employees will be auto-enrolled with a 3% deferral rate. Additionally, on June 1, 2021, the plan auto-escalated participants' deferral rate by 1% annually each June until a 6% deferral rate is achieved. Employees who do not wish to be automatically enrolled or auto-escalate may elect not to defer or to defer another percentage. The Plan also allows participants who reach the age of 50 during the taxable year to make catch-up contributions. Catch-up contributions are 401(k) elective deferral contributions in excess of any limit on such contributions under the Plan subject to IRC limitations. The Plan also allows participants to contribute monies as Roth contributions, subject to the same limitations as are in place for pretax contributions.

For 2021, the Company provided a 50% match on participant contributions of 6% or less of eligible compensation. Only employees hired after January 1, 2002, and who have completed 90 days of service, are eligible for this match. Only employees hired or rehired after December 31, 2019, and who have completed 90 days of service are eligible for the 3% automatic contribution arrangement. All new employees hired after January 1, 2021, in addition to the 50% match, received a separate non-elective contribution equal to 3% of their annual compensation, calculated on a monthly payroll basis. Ninety days of service is required before this non-elective contribution begins. No additional discretionary employer contributions were made for 2021.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Company matching contributions, and effective January 1, 2020 the 3% non-elective contribution for eligible employees, and allocations of Plan earnings based on the participant's investment elections; any withdrawal distribution fees are charged to the participant account. Administrative expenses are paid by the plan, the participants, or directly by the Company, as defined in the Plan document and/or vendor agreements. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching portion of their accounts (including the 3% non-elective contributions) plus actual earnings thereon is based on years of credited service. A participant is 100% vested in the Company's matching, 3% non-elective and discretionary contributions (if any), and related earnings thereon, after three years of credited service (on a cliff basis). Credited service for vesting purposes requires 1,000 hours during the Plan year.

A participant becomes fully vested in his or her account balance upon retirement, death or disability.

Capital City Bank Group, Inc. 401(k) Plan
Notes to Financial Statements (continued)

1. Description of Plan (continued)

Forfeitures

Forfeitures are used to reduce the employer contributions and/or pay Plan administrative expenses. Unallocated forfeited balances as of December 31, 2021 and 2020 were approximately \$21,900 and \$1,300 respectively. The Company did not use forfeitures to reduce Company contributions for 2021.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reason, a participant (or their beneficiary in the event of death) will, upon request, receive a lump-sum amount equal to the value of the vested interest in his or her account. Participants may also receive a distribution while in service upon demonstration of financial hardship or reaching age 59 ½. Participants that are qualified reservists and are called upon for active duty for more than 179 days or an indefinite period may receive a distribution.

Administrative Expenses

The Plan's administrative expenses were paid, pro rata, by participants. Forfeiture monies were used to offset participant expenses. Expenses relating to purchases, sales, transfers or distributions of the Plan's investments are charged to the particular investment fund and/or participant to which the expense relates.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). In the event of Plan termination, participants would become 100% vested in their employer contributions and earnings thereon.

Capital City Bank Group, Inc. 401(k) Plan
Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 3 for further discussion and disclosures related to fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation / (depreciation) include the Plan's gains and losses on investments bought and sold as well as held during the year.

Recent Accounting Pronouncements

Presently, Plan management is not aware of any recent accounting pronouncements from the Financial Accounting Standards Board that will have a material impact on the Plan's present or future financial statements.

Capital City Bank Group, Inc. 401(k) Plan
Notes to Financial Statements (continued)

3. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants on the measurement date (i.e., an exit price). The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2: Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability.

Level 2 inputs include the following:

- quoted prices for similar assets and liabilities in active markets
- quoted prices for identical or similar assets or liabilities in markets that are not active
- observable inputs other than quoted prices that are used in the valuation of the asset or liabilities (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- inputs that are derived principally or corroborated by observable market data by correlation or other means

Level 3: Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management's own assumption about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based upon the lowest level input that is significant to the fair value measurement in its entirety.

Following is a description of the valuation techniques and inputs used for each general type of investments measured at fair value by the Plan.

Company common stock: Valued at the closing price reported on the active market on which the common stock is traded.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trusts: Valued at the NAV of units of a collective investment trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

Capital City Bank Group, Inc. 401(k) Plan
Notes to Financial Statements (continued)

3. Fair Value Measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets carried at fair value.

		December 31, 2021			
		Level 1	Level 2	Level 3	Total
Company common stock	\$	2,005,671	\$	-	\$
Mutual funds		10,578,377		-	10,578,377
Collective investment trusts ^(a)		-		-	37,189,100
		\$ 12,584,048	\$	-	\$ 49,773,148

		December 31, 2020			
		Level 1	Level 2	Level 3	Total
Company common stock	\$	1,893,276	\$	-	\$
Mutual funds		8,748,324		-	8,748,324
Collective investment trusts ^(a)		-		-	33,059,162
		\$ 10,641,600	\$	-	\$ 43,700,762

^(a) These investments are valued based on NAV per unit, as provided by the trustee of the fund as a practical expedient, and have not been classified in the fair value hierarchy. The fair value amounts are provided to reconcile to the statement of net assets available for benefits.

4. Risks and Uncertainties

The Plan holds various investment securities. Investment securities are exposed to various risks such as interest rate, market, liquidity and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the fair values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

5. Related Party and Party-In-Interest Transactions

The Plan invests in the common stock of the Company. This transaction qualifies as party-in-interest transaction; however, it is exempt from the prohibited transaction rules under ERISA. During 2021, the Plan received common stock cash dividends of \$48,603 from the Company. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Administrative expenses of the Plan are netted directly from the participant accounts.

Capital City Bank Group, Inc. 401(k) Plan
Notes to Financial Statements (continued)

6. Tax Status

The underlying prototype plan has received opinion letters from the Internal Revenue Service (IRS) dated March 31, 2014, and June 30, 2020, stating that the written form of the underlying prototype document is qualified under Section 401 of the IRC. Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401 of the Code, and, therefore, the related trust is tax-exempt. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan is qualified and the related trust is tax exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, currently there are no audits for any tax periods in progress.
